Notification dated 21st September 1953.

No. G.N. 66. The attention of the firms dealing in Copper plates is invited to this Office Notification No. G.N. 66, dated 21st September 1953, inviting tenders for the supply of 12″×12″×$\frac{1}{8}$″ etc., copper tinned plates, as published on pages 1293-94 of Part VI of the *Mysore Gazette*, dated 1st October 1953. Intending tenderers are requested to apply to the undersigned for copies of detailed notification.

It may be noted that the last date for submission of tenders is 21st October 1953, up to 3P.M. and quotations will be opened on 22nd October 1953.

1097

Notification dated 29th September 1953.

No. G.N. 65. Sealed tenders will be received in the Office of the Chief Electrical Engineer to the Government of Mysore, Bangalore, up to 3 P.M., on 29th October 1953, for the supply of the following, the terms of delivery being Ex-our C.P.S. Central Stores/f o.r. Bangalore.

The tenderers should quote their best billing prices which should be firm for a period of one month from the due date of the tender. The rates should be quoted in figures and words. The earliest period within which delivery would be effected may be specified in the tender. Full specifications regarding make, etc., should be specified in the tender along with manufacturer's name, etc., complete. Samples wherever possible should be sent for inspection. The quantities in each item to be purchased may be varied according to actual requirements at the time of placing orders.

No enhancement of rates for whatever causes will be allowed when once the quotation is accepted and order is placed. Withdrawal from the quotation after it is accepted or failure to make the supply within the scheduled period will entail cancellation of the order and forfeiture of the earnest money, if any. The successful tenderer should, if so required by us should deposit a sum equal to 5 per cent of the value of the order as earnest money for the satisfactory execution of the order in accordance with the terms and period of delivery specified in the order.

The Chief Electrical Engineer does not bind himself to accept the lowest or any tender, but reserves to himself the right to accept or reject any tender at his discretion.

Supply on our order will be subject to the general conditions of contract prevailing in this Department for local purchases.

The tenders should be superscribed as "Tender for the supply of 33 KV Disconnecting switches to be opened on 30th October 1953 at 3 P.M."

1 33.000 Volts, 200 amps. triple Pole, Single Throw disconnecting switch outdoor rocking or rotating type for horizontal or vertical mounting complete with channel bases, phase coupling, tube, operating handle with adjustable turn buckle, high pressure contact, and adjustable spring loaded insulator, with provision for padlocking the switch in on or off position. The equipment should be accompanied by one padlock and two keys.

2 The switches should be suitable for outdoor use and be capable of mounting on a single iron cross arm. The current carrying parts of the above switches should be made of high conductivity hard drawn copper. The hinge contacts should be provided with strong spring washers. All the switches should be mounted on metal bases for flat surface or pipe mounting. All the parts of the disconnecting switch such as insulators contact plates, etc., should confirm to the latest A.I.E.E. or B.S.S. standards.

ONE NUMBER REQUIRED.

The tenderer should furnish the following details for the switches offered by them :—

1 Section of the contacts.
2 Phase space for the disconnecting switches.
3 Dry flash over voltages of the insulator mounting for the contacts.
4 Wet flash over voltages of the insulator mounting for the contacts.
5 Basic impulse level of the insulator mounting.
6 Mounting height, etc.

Technical details, descriptive literature, etc., should accompany the tenders.

Quotation should be made for both group operated type and alternately for pole operated switches.
